FINANCIAL ANALYSIS · BUSINESS ANALYSIS · OPERATIONS

Tampa, FL · (813) 997-0680 · bryanwudarsky@gmail.com · linkedin.com/in/bryanwudarsky · bryanwudarsky-lab.github.io

Tampa-raised finance and marketing graduate, back home with my wife and young son and looking for a company to grow with for the long haul. I've led a 150+ person program to a 100% certification pass rate (66% national average), exceeded banking goals at 115%+, grown a resale business to \$35K+ in revenue, and built the fiscal model behind a \$30M state pilot proposal. I turn messy numbers into clear decisions, in English or Spanish.

EXPERIENCE

Loudoun County Public Schools · Aldie, VA

Business Education Teacher · Accounting Department Lead

Aug 2024 – Aug 2026

- Owned delivery of two full-year business and finance programs across six sections for **150+ participants** annually, covering budgeting, credit, investing, banking, accounting, and entrepreneurship.
- Drove a **100% pass rate** on the national W/ise financial literacy certification two years running (66% national average), earning Gold Star program recognition.
- Tracked performance in Schoology (LMS) and analyzed pre- and post-assessment results by standard to target remediation, reporting progress and intervention plans to families and administrators.
- As department lead, set curriculum direction and courseware selection, and rebuilt the accounting program around QuickBooks bookkeeping and applied Excel modeling.
- Advised a **180-member** student business organization and coached 15 members to national qualification in 2025, managing registration, travel logistics, and preparation.
- Recruited working finance and business professionals into a recurring guest-speaker series.

Geek Squad (Best Buy)

Oct 2020 – Jun 2026

Advanced Repair Agent (Part-Time) · Sterling, VA

Feb 2024 – Jun 2026

- Raised service productivity **25%** through workflow improvements and cut repair turnaround by a full day.
- Diagnosed and repaired **30+ devices a week** while holding a 4.25+/5 customer satisfaction rating.
- Wrote a multi-location troubleshooting guide that standardized procedure across sites, and trained and mentored team members across roles.

Consulting Agent (Part-Time) · Tampa, FL

Oct 2020 – Jun 2023

- Handled front-line intake, triage, and workflow coordination, translating diagnoses into plain-language options.

University Instructors · Leesburg, VA

Academic Tutor (Part-Time)

Feb 2024 – Aug 2024

- Led three small-group sessions daily, raising participants' quarterly grades by an average of **15%**.
- Designed an eight-week summer curriculum and earned a full-time salaried offer on a principal's recommendation.

Truist Bank · Sterling, VA

Relationship Banker

Aug 2023 – Jan 2024

- Generated **\$1M+ in deposits** and reached **115%+** of performance goals across multiple quarters, managing client relationships across deposits, consumer lending, and digital banking.
- Supported branch operations, regulatory compliance, and staff coaching in a full-service retail branch.

New York Life Insurance Company · Tampa, FL

Financial Professional Intern

Sep 2022 – Jun 2023

- Conducted financial needs analysis and fact-finding, preparing client proposals and policy illustrations.
- Supported onboarding, case design, and policy analysis in Salesforce CRM across life, health, and annuity products.

SELECTED PROJECTS

- Florida Legislative Policy Briefs · Published research2026
 - Built the fiscal case for a **\$30M** three-year, five-county pilot from state closed-claims data: cost model, break-even, return on investment, and sensitivity analysis.
 - Modeled the FTE and staffing cost of a statutory planning-time minimum across four school schedule models, and built six data visualizations from the source data.
- Florida Grocery Market-Entry Study · Independent analysis2026
 - Ranked seven Florida markets on eight weighted criteria and built a **\$227M to \$327M** capital framework separating land, store, distribution, and launch costs, recommending a Tampa Bay entry.
- Agentic OS · Full-stack software2026
 - Built a scheduling and monitoring dashboard (Next.js, React, SQLite) for automated jobs, with live output, retries, and success-rate tracking, on self-hosted TrueNAS and Docker infrastructure.
- NBA 2K27 Build Lab · JavaScript, data validation2026
 - Built a browser tool that searches constrained build combinations, validated against a reference model across **100,000 randomized cases** with **0 mismatches**.

INDEPENDENT BUSINESS

- E-Commerce Resale BusinessOct 2021 – Jun 2026
 - Built a collectible trading-card resale business to **\$35K+ in revenue** at **~50% margins** across 1,000+ transactions on Shopify, eBay, and Stripe.
 - Managed sourcing, pricing, inventory, and margins in Excel and Google Sheets, earning 200+ five-star reviews.
- Social Media Content BusinessOct 2021 – Present
 - Grew short-form channels on YouTube, TikTok, Instagram, and X to **10K+** followers and **20M+** cumulative views.
 - Run the full content cycle from research and scripting to editing and publishing, using performance data to shift effort toward the formats that retain viewers.

COMMUNITY

- Campaign Volunteer · Statewide and congressional campaigns, FloridaJun 2026 – Present
 - Wrote two policy proposals adopted into a statewide campaign platform, and analyzed campaign finance filings and certified returns to compare cost per vote across every campaign in the race, finding a **6x spread**.
 - Reached voters by phone and text for a statewide campaign, and now canvass door to door for a congressional race.

EDUCATION

- University of South Florida · Tampa, FL2023
- B.S. Personal Financial Planning and B.S. Marketing · Completed concurrently
- Honors: Director's Award for Academic Excellence · History of Achievement Award
